Pro 2016**

Panda Antivirus Pro 2016

Protect your network and browse online with peace of mind

Protect yourself against all types of known and unknown threats

Install Panda Antivirus Pro 2016 and forget about security issues. Remove viruses and any other type of threat or malware from your computer and Android™ smartphone or tablet. Essential antivirus protection with real-time security for your devices.

Protect your wireless networks against hackers and intruders

Panda Antivirus Pro 2016 includes a bi-directional firewall to protect your Wi-Fi network from intrusions and unwanted connections. Chat, share photos and videos, read your favorite blogs or simply surf the Web with complete peace of mind.

Protect yourself against online fraud

Panda Antivirus Pro 2016 also protects you against online fraud, identity theft, phishing attacks and other criminal activities.

Rescue your PC

Safe-mode disinfection tool - for emergencies and critical situations. No need to start your computer. Unlimited usage - share with friends and family.

Protect your communications and Wi-Fi network

Panda Antivirus Pro 2016 detects vulnerabilities in your Wi-Fi network and helps protect yourself against intruders. In addition, you'll get tips and recommendations to enhance the security of your network.

PROTECTING AND SIMPLIFYING YOUR LIFE

- Shop and browse online safely.
- Protect yourself anytime, anywhere.
